GE LED+™

One Bulb + One Function™

TIMER

GETTING STARTED GUIDE
See reverse side for steps

*To reset schedule: turn power off, then on at new desired time

Visit gelighting.com/led-plus

1. Choose preferred time-setting or standard use with built in switch

2. Insert bulb into fixture

3. Turn on the fixture at desired time to set when the bulb will come ON each day*

4. If desired, place included reminder sticker on power switch to ensure bulb has power and stays on schedule

TIMER BULB
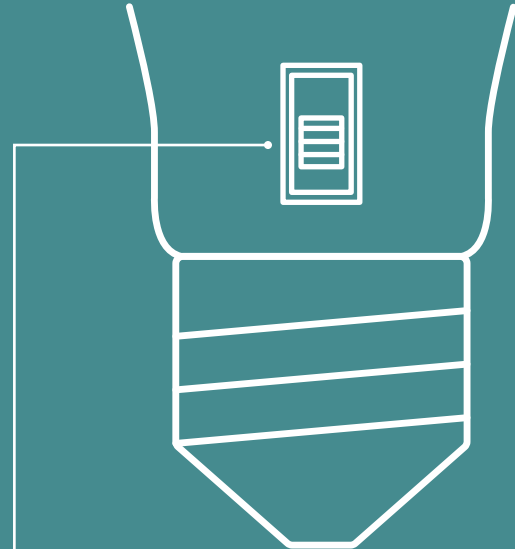

TIMER function

8Hrs: 8 hours ON & 16 hours OFF

4Hrs: 4 hours ON & 20 hours OFF

2Hrs: 2 hours ON & 22 hours OFF

Standard Use: Bulb will be ON whenever fixture has power

Example: If bulb's time-setting is set to 4Hrs and fixture is turned ON at 6 p.m., bulb will turn OFF automatically at 10 p.m. It will continue to turn ON automatically at 6 p.m. each day for 4 hours as long the fixture remains ON.
