

LED+

One Bulb + One Function

GETTING STARTED GUIDE

See inside for steps

1

Screw in the bulb

2

Turn on the bulb

3

Using your Bluetooth® compatible device, look for the bulb as a discoverable device "GE A21 Speaker Bulb"

4

Connect the bulb to play music, podcasts, and more

NOTE: LED+ Speaker bulbs will sync automatically with other LED+ A21 or BR30 bulbs. Link this bulb with other bulbs to create surround sound experience. Bulbs can be controlled individually by using the remote within close range of a specific bulb. Or, control all synced bulbs by using the remote within close range of the parent bulb.

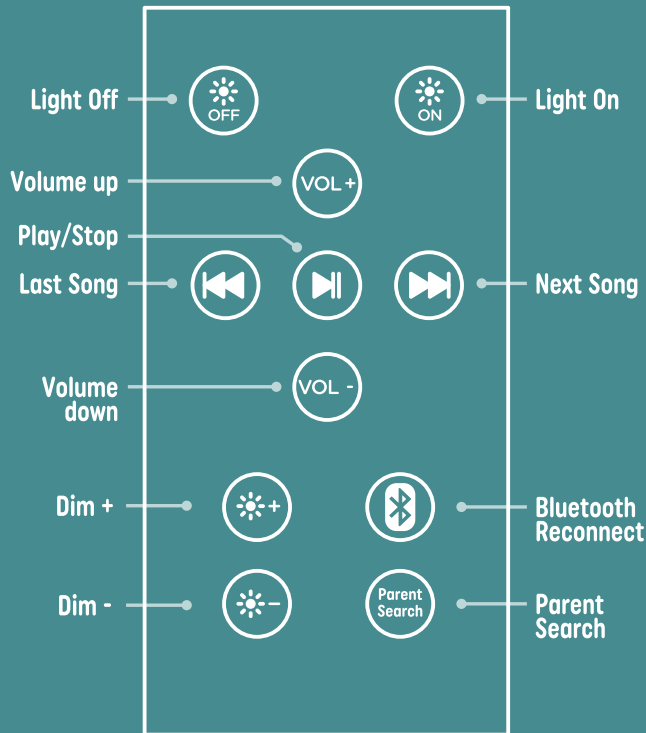

To link additional bulbs, turn on added bulb and it will automatically sync with the parent bulb. Subsequent bulbs should be within 25ft the parent bulb.
