

CYNC makes it easy to get started

You may set-up your bulb through CYNC **or** Matter, but not both. To switch after setting up, you will need to reset the bulb and set-up again.

	Set up with Cync	Set up with Matter
Set schedules & control away from home	✓	✓
Connect to Amazon Alexa & Google Assistant	✓	✓
Connect to Apple Home & Samsung SmartThings		✓
Basic color control	✓	✓
Precision color & white tone control	✓	
Preset & custom light shows	✓	
Personalized app experience	✓	

Please note:

You may see a “set up using Matter” notification on your phone. To set up in the Cync App, powered by Savant, dismiss the notification.

Full Color Direct Connect Smart Bulb

Simple set up using the CYNC App

Use the CYNC App to unlock full features and connect to other CYNC devices.

STEP 1

Screw in and power on your Full Color Direct Connect Smart Bulbs.

STEP 2

Download the Cync App, powered by Savant, on your smartphone.

STEP 3

Add your devices to the Cync App.

CONNECT TO VOICE (Optional)

Easily connect your smart lights to your Amazon Alexa- or Google Assistant-enabled device in the Cync App.

STEP 1

Remove the Matter QR sticker and keep it handy. Screw in and power on your Direct Connect lights.

STEP 2

Open your preferred Matter-compatible app on your smartphone. (This may also appear as a notification on your phone.)

- Amazon Alexa
- Apple Home
- Google Home
- Samsung SmartThings

STEP 3

Follow the “Add Device” instructions inside the app. You will need the Matter QR or manual pairing code to complete setup.
