

LED+
One Bulb + One Function™

GETTING STARTED GUIDE

See inside side for steps

1

Position the switch on the bulb to the 'fixture' position

2

Screw in bulb

3

Turn on the fixture

FOR INITIAL SET UP

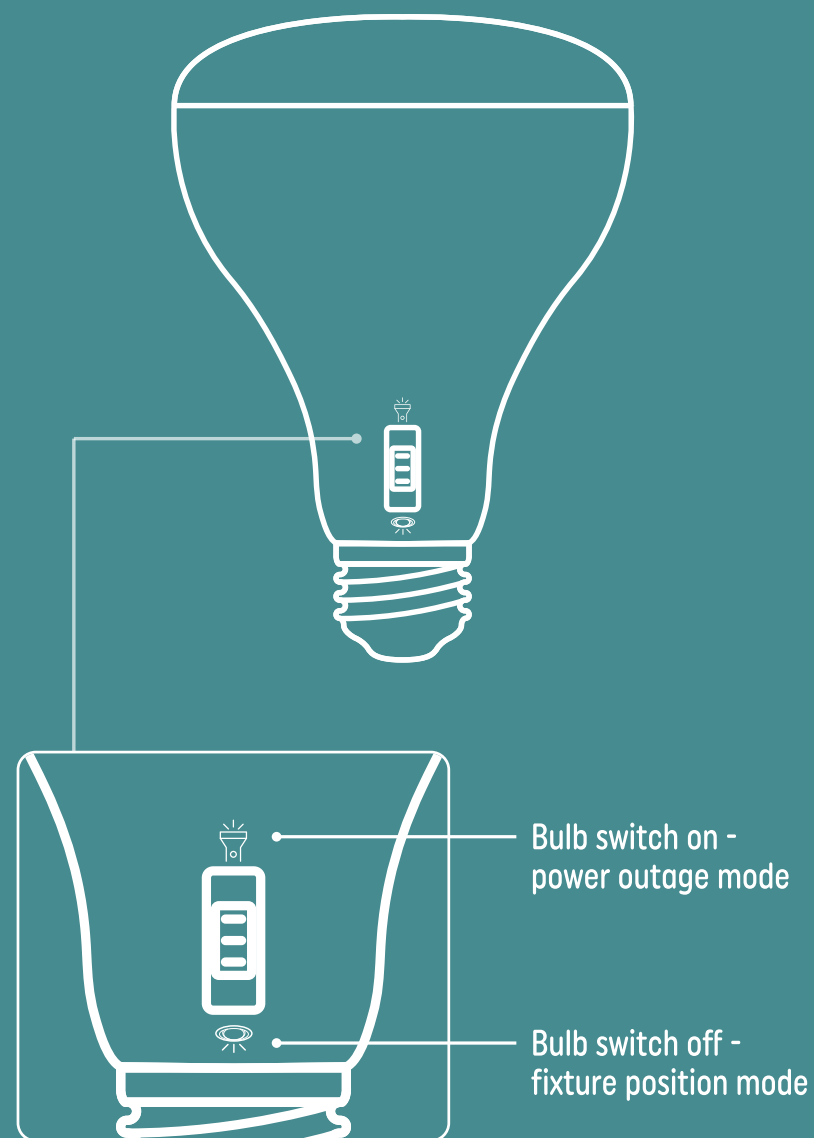

- Keep light on for 10 hours to fully charge battery
- After bulb is charged for 10 hours, it will be ready to provide light in case of a power outage

IN CASE OF POWER OUTAGE

- If fixture is ON, bulb will automatically come on
- If fixture is OFF, either
 1. turn the lamp to ON
 2. unscrew the bulb and use as a flashlight/lantern by turning the bulb switch to the flashlight position for power outage mode
- Bulb will illuminate for approximately 5 hours without power
